Research/Outlook Disclosure:

This information was produced by and the opinions expressed are those of NOVA as of the date of writing and are subject to change. Any research is based on NOVA proprietary research and analysis of global markets and investing. The information and/or analysis presented have been compiled or arrived at from sources believed to be reliable, however NOVA does not make any representation as their accuracy or completeness and does not accept liability for any loss arising from the use hereof. Some internally generated information may be considered theoretical in nature and is subject to inherent limitations associated therein. There are no material changes to the conditions, objectives or investment strategies of the model portfolios for the period portrayed. Any sectors or allocations referenced may or may not be represented in portfolios of clients of NOVA, and do not represent all of the securities purchased, sold or recommended for client accounts.

Due to differences in actual account allocations, account opening date, timing of cash flow in or out of the account, rebalancing frequency, and various other transaction-based or market factors, a client’s actual return may be materially different than those portrayed in the model results. The reader should not assume that any investments in sectors and markets identified or described were or will be profitable. Investing entails risks, including possible loss of principal. The use of tools cannot guarantee performance. Past performance is no guarantee of future results. The information provided may contain projections or other forward-looking statements regarding future events, targets or expectations, and is only current as of the date indicated. There is no assurance that such events or targets will be achieved, and may be significantly different than that shown here. The information presented, including statements concerning financial market trends, is based on current market conditions, which will fluctuate and may be superseded by subsequent market events or for other reasons.

Market indexes are included in this report only as context reflecting general market results during the period. NOVA may trade in securities that are not represented by such market indexes and may have concentrations in a number of securities and in asset classes not included in such indexes. Accordingly, no representations are made that the performance or volatility of the model allocations will track or reflect any particular index. Market index performance calculations are gross of management and performance incentive fees.
